PROFIT WARNING

This announcement is made by Furniweb Holdings Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) pursuant to Rule 17.10(2)(a) of the Rules Governing the Listing of Securities on GEM of The Stock Exchange of Hong Kong Limited (the “**GEM Listing Rules**”) and the Inside Information Provisions (as defined under the GEM Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The board of directors (the “**Board**”) of the Company wishes to inform the shareholders (the “**Shareholders**”) of the Company and potential investors that, based on the preliminary review of the unaudited consolidated management accounts of the Group for the nine months ended 30 September 2018 (the “**Period**”), there was a substantial decline in the Group’s net profit by approximately 86.5% in the Period as compared with that for the corresponding period in 2017.

The Board is of the view that the Group’s profitability for the Period was mainly affected by the following factors:

- (i) decrease in revenue as:
 - a) certain customers became more prudent in their procurement plan in view of the uncertainty in the global trade market as a result of the on-going trade spat between the United States and China;
 - b) certain customers were still undergoing their new products development and thus reduced their orders for existing products;
 - c) certain other customers reduced their procurement as their local currencies depreciated against United States dollar (the “**USD**”);
 - d) in light of the unfavourable business environment, we increased our sales of relatively lower priced products;
 - e) decrease in the Group’s revenue reported in Malaysian Ringgit which appreciated against USD as compared to the same period of last year, our major sales denomination currency;
- (ii) increase in cost of sales, mainly raw material prices resulted from the rise in crude oil prices, which had not been passed on to customers; and
- (iii) lower production volume as compared to the same period in the preceding year increased the weighing of fixed overheads over total cost of sales.

The information contained in this announcement is based on the preliminary assessment by the Board mainly with reference to information currently available, including the unaudited consolidated management accounts of the Group for the Period, which is yet to be finalised and has not yet been audited or reviewed by the auditor of the Company. As such, the actual financial results of the Group for the Period may be different from what is disclosed in this announcement.

Shareholders and potential investors are advised to read carefully the third quarterly results announcement of the Company for the Period which is expected to be published in or around mid November 2018.

Shareholders and potential investors are advised to exercise caution when dealing in the shares of the Company.
